

Portside Learning Center has a no cell phone policy, during drop-off or pick-up. Unless it is an emergency, please finish your personal or business phone call prior to coming into the center to drop off or pick up your child(ren). Communication is key between parents and teachers. Children also wait all day to see their parents, share their day, and what they have been working on. Therefore, in order to assure thorough communication a no cell phone policy within the center is in effect. This is to include all classrooms, restrooms and play yards. If you are on a call at the time of drop-off or pick-up, please end your call before entering the center. If your phone rings while you are on site, please allow your voicemail to answer the call.
